

We believe that with the right support every person can achieve their potential.

SJOG believes that every person has intrinsic worth and inherent dignity, and that with the right support each and every person can achieve their potential.

We don't have one standard approach but creatively provide help and support to people in the way they want.

We continue to be inspired by the story of our founder, Saint John of God, who left us a legacy of providing value-based service to those most in need.

Supported Living

We believe everyone should have the opportunity to live independently and to make their own choices and decisions about their lives. In our supported living services we offer support to develop life skills to assist independent living, learning and working. This service is for people with learning disabilities who want to live independently and need support to do so.

The Supported Living Services in Bradford in West Yorkshire enable people with learning disabilities and physical disabilities to live in their own or their family home with the support they need to do so.

Accommodation

Currently accommodation is provided for tenants in houses and bungalows in the Thornton, Queensbury, Low Moor and Clayton areas of Bradford. Each tenant has their own tenancy agreement and own room, which typically has en-suite facilities. Tenants are encouraged to bring with them their personal belongings, and their bedrooms are decorated to their own personal choice. There are comfortable well-furnished communal areas and pleasant gardens. Visitors are welcome at any time.
